

2017 ISOE ATC Benchmarking Exchange for Radiation Protection JAPAN, October 25-27, 2017

First Announcement

Organization and Host

The 2017 ISOE ATC Benchmarking Exchange for Radiation Protection will be held **from October 25 to 27, 2017 in Kyoto and Fukui, Japan**. The benchmarking is organized and hosted by the ISOE Asian Technical Center (ATC) and Nuclear Safety Research Association (NSRA).

Background and Objectives

The benchmarking will provide a forum and site visit for radiation protection professionals from the nuclear industry and regulatory authorities to exchange practical information and experience on occupational exposure issues in nuclear power plants to improve radiological protection.

Language

The working language of the benchmarking will be Japanese and Korean.
(Japanese/Korean consecutive interpretation will be provided for participants)

Participants

The benchmarking is open to all radiation protection professionals and all those concerned with occupational radiological protection, including NPP owners and operators, NPP designers, industry associations, regulatory authorities and their technical support organizations, research organizations.

Registration fee

No registration fee is charged.

Dates and Location

The benchmarking will be held from **October 25 to 27, 2017 at Maizuru Grand Hotel in Maizuru City, Kyoto, Japan**. The first day of the benchmarking will start at 13:00, and the welcome reception will be held in the evening.

A site visit to Takahama Nuclear Power Plant of Kansai Electric Power Company (KEPCO) is scheduled on **October 26, 2017**, and site visits to Nuclear Power Training Center Ltd., and Mihama Nuclear Emergency Support Center of The Japan Atomic Power Company are scheduled on **October 27, 2017**.
