

Highlights of NATC ISOE Strategic Plan for 2017

Brad Boyer, NATC Board Chair,
Prairie Island NPP, Excel Energy & Richard
Doty, NATC Regional External Affairs
Director

- Collect and submit verified North American ISOE Data – Engage North American RPMs in Enhancing the Process
- Develop and distribute two newsletters to ISOE Members
- Continue 25th ISOE Celebration
- Develop, execute, and write a trip report for a North American RPM Benchmark Trip

- Host July's (2nd) Annual NATC ISOE Data Analysis Workshop at D. C. Cook and University of Michigan
- Develop and distribute three NATC Information Sheets to ISOE Members
- Participate in the development of the WGDECOM Report
- Train ISOE utility members on extraction of useful data from the ISOE Database and website

- Evaluate ability to enhance the cooperation between NATC and other North American RP forums to consolidate industry RP meetings (e.g. ALARA Symposium, Regional RPM meetings, BWR, PWR Owner's Group Meetings, etc.)
